### **SAGINAW COUNTY NEEDS YOUR STORY IN OUR COMMUNITY HEALTH SURVEY!**

(SAGINAW) - The Saginaw County Health Department (SCHD) is calling on all community members to participate in the *Share Your Story Saginaw* community survey.

*Share Your Story Saginaw* is a way for community members who live, work, or attend school in Saginaw County to provide input on what is important to your health and to share what health needs you have. Every three years, the SCHD completes a broad assessment of our community's health. To ensure that the voice of Saginaw County community members are heard, SCHD is launching an anonymous electronic survey, available for all Saginaw County residents (18 years of age and older) to complete. The survey takes approximately five minutes to complete and consists of multiple choice questions. Survey responses, along with other collected data, will be used to determine Saginaw County's priority health needs and develop a county wide health improvement plan.

We value the voice of our community and encourage you to help guide this important process by taking the community health survey, found here:

<https://www.surveymonkey.com/r/2JZ7M82>. Paper copies of the survey are also available at the SCHD upon request. The survey will be open until Friday, December 20, 2019.

Saginaw County community members 18 years of age or older, who LIVE, WORK, or ATTEND

SCHOOL in Saginaw County that complete the survey may enter into a drawing for a \$200 Visa gift card.

If you have any questions or concerns about this survey please call Nicole Schaub, the Saginaw County Community Health Improvement Coordinator, at (989) 758-3801. You may also visit our website at [www.saginawpublichealth.org](http://www.saginawpublichealth.org) for more information.
