Where can I find these items?
Local retail stores will have most of these items.

How much will this cost?
The cost will depend on the number of people in your household and how much you have to purchase. You may already have many of these items on hand.

Tips for success…
Store your kit in a convenient place known to everyone in your household. Keep items in an easy to carry container, such as a plastic storage container, wheeled suitcase, or a duffel bag. Rethink your kit and household needs at least once a year. Replace batteries, update clothes, etc.
